

## ALUMINIUM VERTICAL SLATS

### PRODUCT INFORMATION

Our vertical aluminium slats offer a durable, contemporary take on the classic picket look. Naturally corrosion-resistant and designed to withstand the harsh Australian climate, they provide long-lasting appeal with absolutely no maintenance required. Available in a wide range of powder-coat colours, they can be tailored to complement any home.

At JND Timber & Steel, all products are proudly manufactured in Melbourne.

### SPECIFICATIONS

- Slat Size 65 × 16 mm modern slim-profile vertical slats.
- Spacing 10 mm clean, consistent gaps for a sleek finish.
- Premium powder-coated finish in the colour of your choice
- Available in multiple heights to suit your project.
